New 22.0x8.0-13 W3 FE Rain Front Slated for Competition in 2020!

LAKEVILLE, IN – Hoosier is proud to release a new, taller 22.0x8.0-13 W3 rain tire that matches the overall diameter of the 22.0x8.0-13 FE dry tire. This change has been implemented to eliminate the additional setup time that was required to accommodate the previous 22.0x7.5-13 W3. The specifications on the new wet are listed in the table below.

Item Number	Tire Size	Application	Tread Width	Approx. Dia	Approx. Circ	Measured Rim	Section Width	Compound	2020 MSRP (Effective 2/1/2020)
44196	22.0x8.0-13	Rain - Front	7.8"	22.0"	69"	8"	8.9"	W3	\$198.00

The new 22.0x8.0-13 W3 will have the same tread pattern, construction, and compound as the 2019 specification. The only difference is an increase of 2" in circumference (from 67" to 69").

The new FE wet front is now in stock and will be available for purchase at the first SCCA race in Homestead on January 3-5, 2020.

The 2019 spec rain – 22.0x7.5-13 – has been placed on closeout and will be available at the discounted price of \$125.00. This tire can be ordered by visiting:
